

Executive Overdrive LLC

Outsourced Accounting & Business Advisory Services

We focus on the Four C's...

Continuity - Let our staff of experienced accountants worry about your staffing requirements.

Consistency - Your transactions are processed consistently, based upon GAAP and our standardized procedures.

Competence - Our team is made up of experienced CPAs, MBAs, and accountants. We access each other's knowledge and expertise.

Cost - We streamline processes and leverage vendor relationships to bring out transactions costs.

Who we are and what we do...

Executive Overdrive LLC provides outsourced accounting and business advisory services. Our outsourced accounting service targets small businesses and non-profit organizations looking for competence, consistency and continuity in the accounting function. Our value proposition is providing superior accounting services for less than your in-house cost. We offer three different service levels starting from basic transaction processing all the way up to full charge CFO/Controller services.

Our business advisory group troubleshoots, recommends and implements solutions to problems holding your business back. Automating manual process. Improving outdated processes. Managing mission critical projects. Customizing management reports. Improving management visibility and removing barriers to growth.
